

Job Title: Construction Plant Manager

Job Type: Permanent

Location: Scotland

Salary: Negotiable

Company:

Founded in 1967, and operating in Ireland, United Kingdom, Poland, South Pacific and the Middle East, Roadbridge is a leader in Civil Engineering. Roadbridge has the experience, capability and a proven track record in delivering major projects across a range of sectors on time and on budget. Our core ethos is not just to meet client expectations, but to exceed them, making us the partner clients want to work with.

Job description

We are looking to appoint a Construction Plant Manager to manage the upkeep and maintenance of our Heavy Plant Fleet throughout our various sites in Scotland. The successful candidate should have a proven background within the heavy plant industry with a minimum of 3 years post apprenticeship experience.

Experience with Volvo/Cat/Komatsu/JCB construction equipment would be an advantage. This role is roster based 10 days on 4 days off FIFO of Dublin Airport. Vehicle and tooling will be provided.

Main Responsibilities but not be limited to:

- Maintaining the Heavy plant & Light Vehicle fleet.
- Troubleshooting/Fault finding of defective equipment
- Ordering parts
- Working closely with site management to ensure low downtime.
- Liaising with Main dealers to report faults or to organize servicing.

Key Requirements:

- Minimum level 6 Qualification in Construction Plant/HGV
- Full Clean driving license

- Knowledge of Volvo/Caterpillar/Komatsu/JCB Equipment
- Experience in a similar role would be beneficial
- Computer Skills
- Flexible with good communication skills.

To apply for this position, please email your CV to careers@roadbridge.ie
