## Project Type

Gasline

## Client

Bord Gáis Eireann

## Company Involvement

The project was awarded to the SICIM/Roadbridge JV in December 2001 by Bord Gáis Eireann.

## Form of Contract

Lump sum with Agricultural requirements re-measurable

## Dates

May 2002 – September 2002

## Location

Galway, Ireland

## Value

€84 Million

## Project Description

This contract comprised the preparing of 139km of spread for a 762mm Gas Pipe. Excavate/backfill and Reinstat 139 km of pipeline and other ancillary works. Technical difficulties associated with the project included the crossing of the various rivers and the construction of pipelines in areas designated as SACs. An environmental assessment was undertaken to protect areas of conservation along the pipeline corridor and construction techniques were adopted to ensure that any adverse impact on these areas was minimized.
